About

BIOGRAPHY

Dr. Kevin Houseman is a podiatrist with Goshen Orthopedics. Dr. Houseman is certified in foot surgery by the American Board of Foot and Ankle Surgery®. Nearly a decade of education, training and private practice have advanced his proficiency in diagnosing and treating diseases, deformities, disorders and traumatic injuries of the foot and ankle.

A leader in wound care, Dr. Houseman has extensive experience providing diabetic wound care and limb preservation. His comprehensive approach to wound management includes coordination of hyperbaric oxygen therapy at Goshen Wound Clinic to accelerate healing of chronic wounds.

Dr. Houseman's clinical experience has taken him from outpatient and inpatient settings to the emergency room and surgery center. The broad range of conditions he treats include toenail conditions, fractures, sprains, strains and tendonitis of the foot and ankle. Dr. Houseman also provides care for plantar fasciitis, flat foot pain, bunions and hammertoes.

PHILOSOPHY OF CARE

Dr. Houseman believes in treating each patient as he would a family member. He provides compassionate care that is individually based to promote the best outcome for the patient.
